School vision	School values	Context and challenges	Intent, rationale and focus
<i>Our vision for Dana Street Primary School is to be a community that promotes life-long learning, the pursuit of excellence, and an eagerness to participate and contribute within a global community. We strive to provide a welcoming, stimulating, caring and supportive learning environment for our students, teachers, parents and broader community.</i>	<i>At Ballarat Primary School ( Dana Street ) we believe that education is a process of growth underpinned by the following community values ...  respect, care, responsibility, inclusion, tolerance, understanding and excellence.</i>	<i>Student numbers have continued to grow at Ballarat Primary School ( Dana Street ) over the past few years. In particular, there has been significant growth in the number of students identified as English as a Second Language/Dialect ( EAL/D ), International, Koori and Torres Strait Islander.  To meet the diverse learning and wellbeing needs of all of our students we will need to ensure we build teacher capacity and provide for the physical resources required.</i>	<i>Our school has demonstrated the capacity to initiate and plan comprehensively for school-wide improvement. Continuing to refine and implement effective leadership and decision-making structures which extend and embed team practices, strengthen collective accountability, and develop student voice will position the school for the next stage of improvement.  The school will focus on improving the learning outcomes of all students in the areas of Writing and Number, improving the wellbeing of all students and enhancing the level of professional leadership in the school.</i>
